

9 January 1948

MEMORANDUM FOR THE RECORD:

SUBJECT: [REDACTED]

STAT

On 7 January 1948 I interviewed [REDACTED]
The purpose of this interview was to ascertain whether or not
the "incidences" which she mentioned in her letter to me of
2 January 1948 in any way reflected upon the personnel of
FBIB.

STAT

[REDACTED] told me that she did not intend to intimate
that any personnel of FBIB had ever conducted themselves in an
ungentleman-like manner or had in any way done anything to
cause her to make this statement. She stated that when FBIB
was located on K Street a year or so ago there was an occasion
when a man was found sleeping in one of the rooms of the
building on the 7th floor, and that on another occasion she
thought she had seen a stranger in the building, but she was
not positive.

STAT

She emphasized that her statement was a general one based
upon "incidences" that happened all over Washington at that
time of night, and that no individual of FBIB had ever mis-
conducted themselves to the best of her knowledge and belief.
